

## Info for scouts

### **Contents**

Scouts will be working in mixed scoutpatroles. The scouts will in this manner experience different cultures and face a variety of exciting challenges. During the race the strength of the scouts communicationskills and collaborationskills will be imperative to which patrolle will be the winner of the Race.

The participating scouts have adult leaders and IST (18+) accompanying them at all times. As a scout in this – the very first Nordic Adventure Race ever – you and your fellow scouts will be a part of a greater Nordic collaboration and after the Race you will hopefully be travelling home with a lot of great memories and experiences in your backback.

You and your patrolle are very much expected to work independently when setting up your camps, preparing your food and solving the tasks along the way. This being said you or your patrolle will never be travelling on your own.

You will be a part of a mixed patrolle of different nationalities – but you will of course still be in contact with scouts from your own country, since we are travelling together.

All patrolles have 1 leader to guide and assist, if needed. The leader will also be responsible for travelling with your patrolle on the islands.

### **Requirements for participating scouts:**

Age:                You are 13-16 years of age

### **Physicality:**

Nordic Adventure Race is a testing race and we will be travelling a great deal. Therefore it is very important that you are in good physical condition. You will carry your own backpack and you will also carry some of your patrolles equipment. It is very much expected that you are able to do this.

### **Price:**

The price for each participating scout is 2.000 DKKR, as well as the journey to and from The Faroe Islands Vagar airport.
